## REPORT OF PUBLIC HEALTH NURSE

---

47 Main Street  
Plymouth, N. H.  
January 24, 1964

Mr. George Plant  
Health Officer  
Holderness, N. H.

Dear Sir:

The following is a report of Health Activities conducted for the town of Holderness, by the New Hampshire Division of Public Health—Public Health Nursing, for the year 1963. Please have printed in your Town Report.

On February 26, 1963 a Sterneedle Tuberculin Testing Program was conducted at the school (Holderness Grade). A total of 156 were tested—7 reactors were found. Home visit and family follow-up was done on reactors and arrangements made for Chest Xrays either through private physicians or New Hampshire Tuberculosis and Health Association Chest Xray Clinics at Plymouth.

In October and November the residence of Holderness were given the opportunity of having Booster Sabin Type 3 vaccine at Plymouth and Ashland Clinics and to complete series if they had not received same at previous clinics. Many availed themselves of the opportunity.

On October 8th Sabin Type 3 was given at Holderness Boys' School under the supervision of Dr. Henry Crane, School Physician, and assisted by Mrs. Doris Plaisted, Nurse at the School. A total of Type 3 Sabin was given to 223 students, personnel and their families.

Home visits were made in Holderness on babies and preschool children as indicated and arrangements made for assistance if necessary.

My sincerest thanks to Mrs. Straw, R. N., School Nurse, Staff of Holderness Boys' School and any others who assisted in our program.

Respectfully submitted,

LOIS B. REED, R. N.  
Public Health Nurse, N. H. Division Public Health

### PARK COMMITTEE REPORT

In May, when the beach property was accessible, with a series of volunteer work parties we built a new bath house and got the beach ready for summer.

The beach was officially opened the July 4th weekend.

During the summer 57 individuals participated in swimming lessons, with a total of 41 receiving certificates in August.

Daily attendance, exclusive of classes, averaged 28 persons.

The beach closed on Labor Day. A final work party secured the beach property for the winter.

Appreciation is expressed to the many individuals and merchants who donated so generously to make this project a success in 1963.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Holderness:

I respectfully submit my ninth annual report as your Superintendent of Schools.

### STAFF:

When school opened in September the following changes had taken place: Mr. Robert E. McGlone, who had served as Teacher-Principal for the past nine years, had accepted the position of Principal at the Gilford Elementary School, and Clarence W. Bailey assumed the duties of Teacher-Principal.

Mr. Donald E. Chickering, a graduate of Northeastern University, was appointed as replacement for Mr. Bailey, and is teaching the classes in Science and Social Studies in Grades five through eight, and is also the physical education teacher and coach.

Mrs. Edward Desmond, a graduate of Plymouth Teachers College, replaced Mrs. Paul Arold in Grade One. Mrs. Desmond was released from duties in November because of illness, and Mrs. Clyde Lavine, a graduate of Keene State Teachers College, assumed the duties of First Grade Teacher.

Mrs. Harold Garland, who had been a member of the staff for ten years, retired from her duties in Grades Two and Three, and her replacement is Mrs. Clifford Haughton, a graduate of Boston University.

Mrs. Norma Harper, a graduate of Garland College, was employed as a Teachers-Aide in Grades Two and Three on a part-time basis because of the large enrollment and slow learners.

### ADDITIONS AND IMPROVEMENTS:

A pre-pole amplifier was installed in the educational T V system in order to obtain better reception. The following educational T V programs from WENH-TV Channel 11 are viewed as enrichment for the regular classroom work: Science, Music and N. H. History.

## REGIONAL SCHOOL STUDY:

The past session of the Legislature enacted many favorable changes in the Cooperaitve School Law, and also set up legislation for area or regional schools to better serve the educational needs.

The School Board has placed an article in the warrant to see if the district will vote to appoint a planning committee consisting of three qualified voters of whom at least one shall be a member of the school board. Other school districts in the area plan to have a similar article and then the committees from two or more districts will form a Planning Board to study the possibilities. It will be the duty of the Planning Board to study the advisability of establishing an area school or forming a cooperative school district and submit their findings to the district for action.

With the anticipated increased enrollment at Holderness Central School it will only be a few years before additional rooms will be necessary.

As Superintendent, I recommend that consideration be given to an Area High School, or Cooperative High School, and that the seventh and eighth grades be included so that each room in the present building could then be used for single grades in a room.

The school year of 1962-63 voted the organization of a number of Cooperative Schools, namely, the Newfound Lakes Area Cooperative at Bristol, the White Mountains Cooperative at Whitefield, the Mascoma Cooperative at Canaan, and the Governor Wentworth Cooperative at Wolfeboro.

## COSTS:

The property tax assessment for the school year 1963-64 is \$95,265.73 which is 65.84% of the total property tax assessment. Considering the state as a whole, an average of fifty-seven percent of all local property taxes are earmarked for the support of schools, and one-half of all New Hampshire School Districts designate at least 65% of the property tax for school purposes. The school tax rate per \$1000 of assessed valuations in Holderness is 27% and the state average is 29.35% and this is due to the high valuation of the Town.

## CONCLUSION:

Again it is a pleasure to express my appreciation to the School Board and Teaching Staff for their cooperation and sincere devotion to their job.

I also wish to thank the P. T. A., Selectmen, Highway Department, Police and Transporters for their continued help and cooperation.

The cooperation and team work is most appreciated and the education of your children is a direct result of the fine cooperation from all areas.

Martin E. Heffernan,  
Superintendent of Schools

## REPORT OF THE PRINCIPAL

---

To the School Board, Superintendent of Schools, Parents and Citizens of Holderness:

I hereby submit my First Annual Report as Principal of the Holderness Central School.

The school year started on September 4, 1963, with one of the largest enrollments ever; 142 pupils, and three new teachers.

Present enrollments by grade are:

Grade 1	17
Grade 2	24
Grade 3	22
Grade 4	14
Grade 5	15
Grade 6	15
Grade 7	16
Grade 8	20

---

TOTAL	143
-------	-----

The Holderness PTA continues to play an active and important part in the school and community. The school health program of the PTA makes it possible for dental clinic and free vitamins. The PTA has made it possible for the school to purchase protective mats for the gym and scales for the nurses office. A substantial amount of money was raised at the PTA Fair in December and will be used to purchase playground and physical education equipment.

During the Christmas season, the Holderness Boys School sponsored a Christmas Party for the children. Gifts for the children and a sum of money was contributed by them at the party. Through the National Educational Defense Act this money was matched by government funds, and two aquariums with aerators and heaters were purchased.

Athletics have been well organized this year with the basketball team enjoying a banner year under the direction of Mr. Chickering. The boys finished second in the newly formed Pemi Valley Junior High School League. Mrs. Corbett, with the help of several mothers, has organized a cheerleading squad which is a real credit to their school.

Mr. Bushnell has organized and is teaching instrumental music this year. The first performance of the band in public was during the Christmas Pageant. We are indeed fortunate to be able to offer this program to the students in a school the size of Holderness Central. Once again the PTA came to our aid and purchased music stands for the band.

Thanks to the interest and help of several parents and the Holderness Fire Department the skating rink was built and flooded.

The school library continues to expand as a result of the efforts of Mrs. Corbett and several mothers who spend one afternoon each week serving as librarians.

I would like to extend my thanks to the School Board, Mr. Heffernan, the Staff, and to the people of Holderness who have given so freely of themselves to make this year pleasant, productive, and successful.

Respectfully submitted,

CLARENCE W. BAILEY, JR.,  
Principal
